<b>Course Type</b>	Must
<b>Course Level</b>	B.A.
<b>ECTS Credit</b>	6
<b>Prerequisites</b>	None
<b>Course Content</b>	International organizations are one of the most important actors in the current international system. This course analyses their evolution, theoretical framework and fundamental international and regional organisations.
<b>The Aim of the Course</b>	This course aims to provide an introduction to the study of international organizations. First of all, it will try to discuss why, how and by whom international organizations have been established since the 19th century. It will then provide analysis of some of the most important international organizations. The course will also focus on Turkey's relations with the main international organizations.
<b>Course Outcomes</b>	At the end of the course students are expected to: -explain the historical evolution of IOs, -analyse the IO's according to IR theories, -comment on the main international organisations, -explain the basic regional organisations, -discuss the relevance of international organisations in contemporary world
