COURSE INFORMATION FORM	
Faculty / Institute	Faculty of Science and Literature
Department	Psychology
Course Code	PSİ 463
Course title	Contemporary Topics in Psychology
Instructional Language	English
Programs that can take the course	Psychology
Course Type	Elective
Course Level	Undergraduate
ECTS Credit	6
Prerequisites	PSİ 103 – Introduction to Psychology I PSİ 104 – Introduction to Psychology II
Course Content	This course is designed to provide students with insights into behavioral addictions from an applied social psychology perspective. Precisely, the main objective of this course is to show students how family as a social system affects the development of behavioral addictions, and vice versa. For this purpose, students will be introduced to the theoretical and empirical relationship between family factors and behavioral addictions including the topics of gambling, internet, online gaming, smartphone, social media, sexual, exercise, eating, and work addictions as well as compulsive buying.
The Aim of the Course	The aim of this course is to introduce new trends, topics and discussions in different subfields of psychology.
Course Outcomes	At the end of this course, students are familiar with the most up-to-date topics, theories and research in various subfields of psychology. They can generate new research questions and hypotheses, and create research designs and prepares a research plan.

Course Plan	Subjects to Be Discussed
1. Week	Introduction to the course + Introduction to behavioral addictions
2. Week	Pathological gambling + Internet addiction
3. Week	Problematic online gaming + Problematic smartphone use
4. Week	Social media addiction + Sexual addiction
5. Week	Compulsive buying + Exercise addiction
6. Week	Eating addiction + Work addiction
7. Week	Choosing a research topic for a review article as a class/group
8. Week	Literature review
9. Week	Literature review + Evaluation of the findings
10. Week	Preparation of manuscript
11. Week	Preparation of manuscript + Finalization of manuscript
12. Week	Submission preparation + Submission
